ABOUT AMABAMBA 2011

Amabamba Fencing (PTY) LTD has been a Market Leader in the arena of fencing for the pass 30 years and still keeping the flag flying high, as not only being a Proudly South African based company, but a female owned accredited alone side a Level 1 - 135% BEE Score Card Rating

Amabamba Fencing (PTY) LTD not only have the experienced needed but infrastructure to match, allowing us to engage in any Commercial, Industrial & Contract Project across South Africa with a meticulous execution with a 30 year stamp of approval.

Amabamba specializes in the installation of palisade, conventional mesh, electric, bezinal and various other types of fencing, servicing National and Local Government as well as all parastatals. We target the more established building and civil companies in the Western and Southern Cape.

Amabamba was registered in October 1996 to support and promote the RDP policy envisaged by the South African Government wishing to improve the imbalance of power sharing within companies, and to provide real business opportunities for previously disadvantaged individuals. The company promotes the interests of previously disadvantaged employees by way of instituting training and education programs.

Consulting services: Engineering studies (functional analysis), evaluations and recommendations (value engineering analysis), feasible studies, master planning

Design services: Design analysis, project scheduling, conceptual drawings, fencing standards and specifications

Maintenance services: 24 hour emergency service, troubleshooting, field services and inspection, customer representation at acceptance of equipment

Construction services: Commercial and industrial

Guarantees: Our workmanship is guaranteed for a period of 12 months.
